

Cross Type Caged Ball LM Guide **SCR**

Advantages

- Cross angle directly delivered with caged ball LM Guide
- More rigid and compact than combined SHS
- Long-term maintenance-free and long service life
- Excellent smooth motion
- Low noise generation

Dimensions

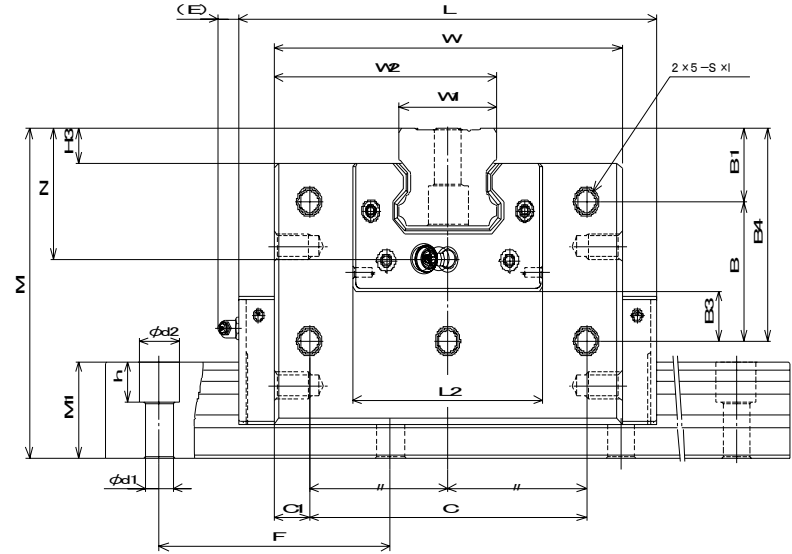

Unit: mm

Modell No.	Height	Block Width	Block Length	Rail Width
SCR25	70	88	109	23
SCR30	82	105	131	28
SCR35	95	123	152	34
SCR45	118	140	174	45
SCR65	180	226	272	63
